36 DEAD IN MIDWEST COLD WAVE

FITTS ENTRY IN GOVERNOR RACE SEEN IN STATEMENT

SNOW DRIFTS HALT ALL TRAFFIC

CHICAGO, Dec. 19.—(U.P.)—The blizzard-lashed middle west was swept tonight by a bitter cold wave. The entire area was virtually inactive because of mountainous drifts of snow. The storm set an all time record for prolonged severity.

Whirling before a gale which reached a velocity of 60 miles an hour at times, the snow piled rapidly into drifts which attained depths of 15 feet in many places. Thirty-six persons were known dead from accidents attributable to the record snow and scores were injured. Seventeen died in Chicago.

Airplane and automobile traffic was stopped, trains were delayed for hours in many cases and city transportation generally was disrupted.

Heavy Snow
Almost sixteen inches of snow fell here, the heaviest fall in history.

While 500,000 children romped in the drifts and played at home when public schools were closed, some 10,000 men attempted to dig the city's streets clear of the thousands of tons of snow which covered them.

So slowly did street cars, buses and elevated trains creep that it was almost noon before the city's normal business got under way. Thousands of citizens remained at downtown hotels to-night rather than attempt to return to their homes.

Streets were lined with abandoned automobiles, trucks and buses, unable to buck the drifts.

6 Felons Escape
While the snow dropped down in an impenetrable curtain, six prisoners overpowered a guard at the Cook county jail in the heart (Continued on Page 6)

JURY REES FOUR MEN IN DEATH OF HILLMAN

MOUNTAIN VIEW, Ark., Dec. 19.—(U.P.)—Twelve Ozark farmers who wrestled all day with the tangled stories surrounding the alleged murder of Conale Franklin, a farmhand and woodcutter, killed at a crowded courtroom here at the dinner hour tonight and pronounced the four defendants not guilty.

In two words they had written the finish of a story which brought to the attention of the nation an isolated region in the highest section of the mountains where for generations life went uneventfully.

Among those who received the words of the jury were Herman Greenway, Hubert Hester, Alex Pulka, Bill Younger and Joe White, the accused. With them was a man who claimed to be their old friend Connie Franklin.

Pulks previously had obtained a change of venue and was to have been tried separately. It was believed, however, that tonight's decision would result in indefinite postponement of his arraignment.

"Slain" Man At Trial
The state said the defendants killed Connie and burned his remains. But Connie was there laughing and joking when a jury tried the men charged with his death—a spectator at his murder trial.

Or was he? Not all agreed even tonight. Many never will admit that Connie returned to turn a brutal murder story into a mystery trial. Several had said they saw his dead body on the night of March 9 after the alleged night riding attackers beat him.

Others said, "we'll it's been a good show, brother and now I reckon some folks feel foolish; them as have been seen" things.

Jury Leaves
The mountaineers departed hastily for their homes which are nestled among trees, along forest trails, through this tumbled region of cabins and small farms.

GIRL SHOT BY THUG MAY DIE

OAKLAND, Dec. 19.—A San Leandro man is dead and his girl companion is dying at an Oakland hospital while police are hunting for a petting party bandit who is charged with the shooting.

Stanley Montero, 22, 1212 Santa Paula street San Leandro, is the dead man. Miss Mary Munoz, 18, 1234 Orchard avenue, San Leandro is in the Highland hospital here dying.

According to the story told by the girl, just before she became unconscious, she and Montero had gone for an automobile ride early last night.

They were driving along the highway on the outskirts of San Leandro, proceeding at a slow rate of speed.

Suddenly, she said, a man leaped from the side of the road onto the running board of the machine, and pressed a gun against her companion's side.

"Give me your money," the gunman yelled, the girl said.

Man Shot
When Montero declared that he didn't have a penny, the gunman pulled the trigger and the youth died almost instantly.

Before the horrified girl could move, the bandit shot her. The bullet took effect in her left breast, penetrating her lung.

The bandit leaped from the car and fled.

Girl Found
Although dazed by the shock of her wound the girl was able to throw the car out of gear and apply the emergency brake, bringing the car to a stop, she said.

She stumbled out of the car and walked seven blocks before she collapsed.

A passing motorist picked her up and brought her to the Highland hospital, where she told her story to the police.

No Description
Surgeons performed an emergency operation on the girl, but little hope is held for her recovery.

Police squads and deputy sheriffs from the Alameda county sheriff's office were dispatched to the scene of the murder and a search was immediately instituted for the slayer.

The girl was unable to give a good description of the slayer.

FARM BOARD CHIEF DENIES POLICY CHANGE

WASHINGTON, Dec. 19.—(U.P.)—Emphatic denial was made today by Chairman Alexander Legge of the Federal Farm Board, that the board has changed its policies at the insistence of the grain traders. Federal farm board policies have been formulated solely for the American farmer, he said.

Legge's statement dealt with testimony before the Senate lobbying committee recently by Julius Barnes, big grain exporter and friend of President Hoover, who intimated the board had changed its policy in an important respect. Barnes consulted with Legge recently as intermediary for grain commission interests.

Barnes' statements were misleading, Legge said.

The statement tonight of the farm board chairman will serve to assuage the fears of Congressional farm leaders, who interpreted Barnes' testimony as indication that the board had changed its policy in an important respect. Barnes consulted with Legge recently as intermediary for grain commission interests.

Barnes' statements were misleading, Legge said.

SOLONS ASK LAW PROBE REPORT

WASHINGTON, Dec. 19.—(U.P.)—Senate dyes have started a move designed to force President Hoover's hand on his prohibition plans.

This move, sponsored by Senator Harris, Dem., Ga., took the form today of a resolution requesting Hoover to submit "at the earliest practicable date," a preliminary report of his law enforcement commission's work. This request comes in the face of previous plans of the commission not to make any sort of report any time soon.

While the Harris resolution requests the report specifically "in order that Congress may be advised as to the necessity for additional appropriations for the enforcement of the prohibition law," it is interpreted as an effort to get some idea as to what the commission is driving at and what sort of recommendations it may make, in other words, "to smoke it out."

Drys Suspicious
Drys have been suspicious of the commission ever since Chairman George W. Wickham's letter several months ago to Governor Roosevelt of New York, suggesting the possibility that the commission might recommend some sort of modification of the dry law.

Harris said he would bring his resolution up either Friday or Saturday with a view to passing it before the Senate adjourns for the holidays. Drys, who are in the large majority in the Senate, are expected to support it.

The president is likely to be embarrassed by this Senate move, not only because of the requested report of the commission, but also because the Harris resolution asks him to submit his own recommendations as to how much money is needed for prohibition enforcement.

Asks Report
The majority of the commission takes the position the field is a large one, and that if they do a really comprehensive and thorough piece of work, which they assume is President Hoover's desire as well as that of the country, they must be given ample time.

President Hoover either can back the commission in this view and inform the Senate that no adequate report can be made at this time, or he can instruct it to work out a preliminary report of some sort. There was no comment from the White House or the commission.

"The commission will make the report if President Hoover instructs it, and I think he will," Harris said today.

GARFINKLES CAGERS WIN, MOTORS LOSE TO SANTA FE

Continuing their perfect record of the present season, the Garfinkles cagers defeated the Marin Junior College variety 25 to 22 last night in the Richmond union high school gymnasium before a record gallery.

The Santa Fe squad surprised the fans by swamping the Studebakers 30 to 13 in the preliminary event on last night's card.

Although the trans-bay athletes staged a fine defensive fight in the first half, the Garfinkles kept the greatest part of the action in Marin territory. The Marin boys made a swift come-back in the last two periods and the outlook became rather cloudy for the locals. However, Garfinkles succeeded in holding a three point margin till the final whistle, and Spaul Spalding's cagers returned to their college across the bay defeated.

The decided Santa Fe victory over the Studebakers came as rather a severe shock to the season basketball fans. Both squads have been neck and neck through out the city league season, and such a walk-away was not expected. A part of the Studebaker defeat may be attributed to the fact that the positions of many veterans were occupied by new-comers who had not yet accustomed themselves to the strategy of the Studebaker squad. However, Santa Fe showed an exceptional brand of basketball, and greatly outclassed their opponents in last night's contest.

First Game
Garfinkles (25)—Flynn (1), Barbori (4), forwards; W. Gordon (3), center; G. Gordon, Lee, guards; Lemkuhl (5) center.

Marin Junior College (22)—M. George (2), Barrett (3), forwards; Nelson (1), center; Hills, Baldwin, guards; substitutes, Catala (9), Mulliant (6), Swindall, Potts, forwards; Wood, Hill (1), Carr, centers; Baizgalupi, Hardt guards.

Second Game

Santa Fe (30)—E. Nelson (13), Tula (4), forwards; J. Nelson (4), center; Bowen (1), Gualdoni (8), guards; substitute, E. Bowen, guard.

Studebakers (13)—Huzefka, Gadbury, forwards; Bonham (5) center; Hutton, McLaughlin (1), guards; substitutes, Viano (3), J. Huzefka, forwards; Paoli (4), center; Cornell, guard.

Wesley M. E. Cagers Meet Christian 5

The Wesley Methodists will attempt to halt the championship pace of the First Christians tonight in a Y. M. C. A. church league contest at 8:15 o'clock. The Community Methodists will meet the St. Edmund boys of the B division at 7:15.

Tonight's main event is expected to draw a record crowd to the Y. M. C. A. building, for the fans are wondering whether the Methodists, Presbyterians, or Baptists will be able to stop the victorious march of the First Christians, who have yet to receive their first defeat of the season.

If the Community Methodists of the B division defeat the St. Edmund squad, there will be a three-way tie for first place in the B league. The two present leaders are St. Pablo Baptists and the Grace Lutherans.

Tonight's games will be the last church league contests until Jan. 7. The First Presbyterians will meet the Wesley Methodists at that time, while the B contest will be furnished by the Grace Lutherans and the Community Methodists.

Bass Favorite To Beat Morgan

NEW YORK, Dec. 19.—UP—Tod Morgan, dean of ring champions will defend his American junior lightweight title for the sixteenth time in four years when he meets Benny Bass of Philadelphia in Madison Square Garden Friday night.

Every boxing title has changed hands at least once since Morgan annexed the junior-lightweight championship by defeating Mike Gallardo at Los Angeles December 2, 1925.

Many times since then Morgan's crown seemed to be hanging by less than a thread, but always the dark-eyed frail-looking far westerner has somehow been able to save his laurels. The boxing gentry think so much of Bass' chances that they have made him a 10 to 7 favorite to win Morgan's title.

'THE GAMBLERS' WINS LOCAL AUDIENCE

"The Gamblers" was greeted enthusiastically by last night's audience at the Fox-California theater. It undoubtedly marks one of the most perfect achievements of the screen to date. Situations, each one vital and telling—a commentary on the keen dramatic sense of Charles Klein, whose drama of the same name enjoyed a spectacular run on Broadway and the road—are recreated perfectly by the players.

Director Curtiz makes discreet use of his genius for giving scenes at different camera-angles and in bringing out the divergent angles of thought. The story is that of two Wall Street financiers of father and son, known as the "hot-headed Emersons." The son oversteers the law in loaning money, and is caught in his own net, and on the verge of a government investigation. The prosecutor is married to his former sweetheart, who trades upon her husband's love for her, to cause him to free young Emerson from the charge of dishonesty.

H. B. Warner, as the prosecutor, gives a performance of subtlety and restraint. Lois Wilson is vivid and convincing. Robards gives a masterly portrayal of the hot-headed youth, while the veteran George Fawcett, is equal to his reputation as the elder Emerson. But to Johnny Arthur, as the dishonest working clerk, the laurels must be given for a character of moving and tragic authenticity. The gamblers' hold the audience enthralled from start to finish. It is dramatic, colorful and suffused with tense emotions.

A talking comedy "Ladies Choice" is also on the bill.

Burial Planned For Mine Victims

MSALESTER, Okla., Dec. 19. (UP)—Slowly today McAlester began the work of knitting together the broken threads of daily existence.

Plans were going forward for burial of scores of fathers and sons whose lives were choked out when an explosion in "Old Town" mine locked them helplessly underground in chambers filled with deadly gas.

Around the entrance to the fatal shaft motors were being repaired and equipment prepared to clear the mine and investigate the blast that was such an implement of wholesale death. The investigation will begin Saturday.

Officers of the McAlester Fuel company today announced a final identification of bodies revealed 50 were killed, instead of 60 as previously announced. Only five came up alive from the passageways, which reach back into a hillside. Friday and Saturday McAlester will be a town of funerals.

Depositors Will Receive Presents

'BIG NEWS' TO BE HERE SOON

The unusual spectacle of a beautiful romance which winds its way as an undercurrent of almost every action of the principals without a single kiss or caress being exchanged between them during the picture is one of the many original slants of "Big News" Pathé all-talking newspaper drama, which will be shown at the Fox-California theater tomorrow only.

Robert Armstrong, who plays the leading role, and Carol Lombard, appearing opposite him, are the parties to the love interest of "Big News," in which both play newspaper reporters. Most of the action of this thrilling story, directed by Gregory La Cava, takes place in the city room of a big metropolitan daily.

Guard Council Names Heads

Election of officers and a short business meeting were held by the Richmond American Guard in Brotherhood hall last night. During the meeting, a vote of thanks was extended to the persons who helped entertain at the second anniversary dinner last week.

Those who were not listed on the program were: Mildred Lovell, who did an acrobatic dance, accompanied at the piano by her sister, Grace Lowell; Mrs. Roy Jackson, who presented several piano solos, and Jim Slepizko, who played several violin and piano selections.

Two days later, in St. Louis, Mo., she became homesick, and hailed a taxicab. "Home," she ordered the driver. The address she gave was in Memphis, 350 miles south. Next day she arrived home in the taxi—minus the family savings.

Suit For Reward Money Filed By Captors Of 'Fox'

LOS ANGELES, Dec. 19.—UP—The thrilling search for William Edward Hickman and the execution of the slayer of 12-year old Marion Parker came up for further attention today when the city of Los Angeles was sued for a \$10,000 reward it offered during the hunt.

Tom Gurlane and C. L. "Buck" Liguori, who captured Hickman at a remote spot near Echo, (Matilla county, Oregon) and turned him over to California authorities filed the suit.

They charged that Hickman was armed with a .45 caliber revolver and a sawed-off shotgun when apprehended and that they were exposed to great bodily danger. The city council offered the reward, but it was held up on the advice of the city attorney that it could not be legally paid because Hickman was captured before the ordinance finally was passed.

36 KILLED IN MIDWEST COLD

(Continued from page one)

of the city and escaped unnoticed over the walls. Three were known as desperate criminals.

Many towns in Indiana, Wisconsin, Minnesota, Iowa, Michigan and Illinois were isolated completely. Approximately 650 automobiles were stalled by tremendous drifts south of Chicago. Highway authorities made desperate attempts to reach them before their occupants began to suffer acutely from the severe cold.

The Great Lakes were reeling cauldrons of ice, snow, wind and sleet. Lake Michigan, three feet higher than normal, poured shore lines and left the wreckage covered with fantastic ice formations. Several ships caught in the storm were long overdue and unheard from.

Michigan Suffers

Michigan suffered severely. Detroit reported its worst snow in 10 years. Traffic was tied up and aeroplanes were grounded.

The snow had stopped in Minnesota, but thermometers there continued to skid. It was two degrees below zero in St. Paul. Further west temperatures dropped even lower. The most severe cold was recorded at Williston, N. D., where it was 32 degrees below zero.

The vast prairies of western Canada remained under a 40 below zero cold wave which has continued for more than 48 hours. Several persons were frozen to death in the cold which was so bitter that mercury thermometers failed to register.

The weather bureau predicted slowly rising temperatures in the west, but much colder weather further east as the storm whirled across the country.

DIXIE SHIVERS IN SEVERE COLD
ATLANTA, Ga., Dec. 19.—(UP)—Cities along the southern edge of the Dixie mainland shivered in the coldest temperature of the year today and many residents saw first snow flakes in nearly a decade.

The edge of the snow wave passed southward over Mobile, giving that city its first snow in more than nine years. Snow also was reported in Atlanta, and light flurries fell even as far south as New Orleans.

The weather man was blamed for a \$100,000 fire at Fort MePherson, regular army post here, which razed three wooden barracks and damaged the hospital annex. Two hundred recruits, sleeping in the barracks, awakened and marched to safety.

In Mississippi and Louisiana high winds accompanying the blizzard caused injuries to more than 12 persons when small buildings collapsed under the pressure. Temperatures from Kentucky to Florida ranged from zero along the Ohio river to 20 above in Atlanta, with a predicted 10 above for northern Georgia, Alabama and Mississippi, early Friday.

Near Memphis, a truck driver, Alvin J. Blescoe, 26, was electrocuted when he stepped into ice and water charged with high voltage from a wire blown down a hundred yards away.

INDUSTRY HALTS IN MAINE STORM
PORTLAND, Me., Dec. 19.—UP—Operation of industrial plants was temporarily suspended. Telephone and telegraph communication was impaired and transportation badly effected throughout Maine, today as the state experienced its worst storm since 1884.

Although the snow which has fallen all day had turned to rain tonight, the storm showed no evidence of abating.

Shipping from this city and other ports was at a standstill due to the condition of the sea. Telephone toll service through northern points had been completely disrupted.

Wealth Seekers Scored By Pope

VATICAN CITY, Dec. 19.—(UP)—Sinful seeking after wealth and pleasure is the scourge of the modern world's ills, Pope Pius said today in an encyclical letter addressed to archbishops, patriarchs and bishops throughout the world.

He declared the serious malady of the present time and the scourge of all the evils harassing modern mankind are represented by the feverish, immoderate and wicked search for money and amusement.

In that quest, he said, the noblest ideals of life are forgotten and eternal truths and Divine laws grow gradually dimmer in the souls of those afflicted.

The pontiff at a public consistory imposed the red hat on the six new cardinals recently created. He heard a brief secret consistory for the symbolical ceremony of closing and opening the mouth of each new cardinal.

construed on two points, Legge said.

"The board did not alter its policies as a result of the hearing given to the grain trade nor has the board agreed to submit its policies to the grain trade before action," Legge declared. The board will always give hearings to any responsible person, but it will not submit its proposals to any group before action, he added.

her jealousy over attentions she believed Dr. Nelson paid the other women, was the sole motive for the brief separation, the attorney said. Miss Worthing told him. The fact that Dr. Nelson has negro blood made no difference in their relations, the former actress told Freedman.

"I love him more than anything else in the world. He is the man for me and the only one I care about," Mrs. Nelson told her lawyer and reporters this afternoon. "We all have the blood of the chimpanzee in our veins. Why should I object to a faint trace of dark blood in my husband?"

There was no legal step toward separation, the attorney stated. He said Mrs. Nelson has known that her husband had some negro blood ever since they were married.

Freedman said that the couple first met when the physician attended Miss Worthing in her Hollywood home after she had been beaten by prowlers. Hollywood friends recommended him. Out of this meeting grew a friendship which later led her to abandon a screen career and marry Dr. Nelson, in Tijuana in 1927.

Dr. Nelson told interviewers today that he was "colored." Asked if he was a negro, he replied:

"What is a negro? As I understand it, an African, I am not an African; I am an American. You might say I am 'colored.' The physician, records show, was born in Charleston, S. freely. He declined the offer to blindfold him, and after glancing with scorn at the gendarmes turned his eyes heavenwards. As the bullets struck him, a violent shudder shook his whole frame, his right knee bent, his right arm shot out and a ghastly look of suffering contorted his face. A fraction of a second later, he tumbled full length to the ground, legs apart, arms outstretched and lay there without motion or movement. Members of the firing squad approached him and blew his brains out.

Trial Held

The rebel leader was said to have been arrested several days ago upon orders from General Juan Rico. Federal commander of this city. A trial was held, according to Federal officials, at which the general and his companions, Col. Miguel Mendez Daniel Navarro, Rezo Lugo and two unnamed, were found guilty. Bonquet was ordered executed and the others held under heavy guard in the military in this city. Federal authorities believe General Bonquet and his allies came here to receive instructions and Benignos announced a dynamite revolution. It was said in a raid that Col. Miguel Mendez, one of

NEW BOARD OF DIRECTORS NAMED BY CHAMBER

TWO RAILROAD
MEN WIN
POSTS

The election for directors of the Richmond chamber of commerce, held yesterday, will bring two new faces to the board—J. A. Christie, division superintendent of the Santa Fe, and Lester G. Eby, freight agent of the Southern Pacific.

Christie and Eby, both well known local railroad executives, will take the places of Walter Helms and O. R. Ludewig, who served last year.

Five incumbents were re-elected—Joseph P. Brooks, E. B. Bull, T. H. DeLan, Joseph F. Brooks, Jr., and H. A. Johnston.

Votes were tallied by a special board consisting of George N. Rooker, Mayor Al Paulsen and Ralph Bergen.

Joseph P. Brooks, who has been a director for several years, polled the top vote, with 170 ballots out of a possible 193.

There were 12 candidates, although 14 were nominated from the floor at the recent annual meeting. Ira Vaughn and George Barnett, who were nominated, later declined and refused to allow their names to appear on the ballot.

The full board of the chamber of commerce will now consist of T. H. DeLan, Joseph F. Brooks, Jr., Henry A. Johnston, E. M. Dwyer, Fred Caudle, W. W. Scott, E. B. Bull, Mayor A. L. Paulsen, George N. Rooker, M. A. Hays, James A. McVittie, C. S. Renwick, F. M. Sanford, Aubrey Wilson, T. M. Carlson, Fred Newsum, C. C. Kratzer, Ralph H. Bergen, J. A. Christie and Lester G. Eby.

This year's total of 193 votes was heavier than last year's balloting when only 142 votes were

Veterans Will
Select Sites
For Hospital

Following passage of the Rogers bill, the Richmond Veterans' general hospital committee and the citizens committee yesterday made preparations to continue efforts to obtain a general veterans' hospital for Contra Costa county.

The Rogers bill, passed by Congress, appropriates \$14,000,000 for veterans' hospitals.

John A. Miller, head of the citizens committee, yesterday stated that the committee would meet soon, and that sub-committees were busy gathering data on sites in this vicinity.

Judge Howard Bacon of Oakland is chairman of an east bay veterans' committee of which the Richmond veterans are a branch. The veterans have been devoting their efforts toward passage of the bill, and now will work on the question of sites.

Judge Bacon, upon receiving news of the passage of the bill stated that the next step would be the appointment of engineering and fact finding committees. These committees will canvass the situation in Alameda and Contra Costa counties, and present to the congressional committee handling the appropriation the advantages the east bay has to offer.

According to Judge Bacon, the best interests of the government will be served by an east bay hospital, which will mean the expenditure of \$2,000,000 in construction, and later a payroll amounting to \$3,000,000 per month.

cast, indicating a marked interest in the election.

The new board will hold its first meeting on January 8, at which time a president and two vice presidents will be chosen by the directors. Appointment of committees and outlining of the year's work will be done by the new officers immediately thereafter.

PERSICO WILL
BATTLE ON
JAN. 2

MARTINEZ, Dec. 19.—The \$200,000 estate of the late Leo Persico of Richmond, will be the nucleus of a three cornered contest in the court of Superior Judge H. V. Alvarado Jan. 2.

In the trial for shares of the estate, Mrs. Maude Persico, widow of the late realtor, will oppose Mrs. Alma Shell Peterson, second wife of Persico and the American Trust company.

Mrs. Persico and her daughter, Theresa, if they win, will receive approximately \$50,000 more of the estate than if the bank and Mrs. Peterson wins.

Will, S. Roberson, Richmond attorney for Mrs. Persico, claims that several wills made by Persico were all invalidated, and that requests made to individuals, two Richmond churches and Richmond Post of the American Legion are voided.

Persico committed suicide as the climax to a series of threatening letters from a "Black Feather Society" of which Mrs. Mary Lopez of Berkeley confessed authorship.

Shortly after Mrs. Persico, the widow, filed a petition for letters of administration. She asserted that wills left by Persico had been rendered invalid by changes that were not legally executed.

The American Trust company, then came forward with a will in which the company was named executor. In this will, the bulk of the estate was left in trust to Persico's daughter, Theresa, and a trust fund was created for the widow with a monthly income of \$100.

Additional bequests of \$10,000 to St. Mark's Catholic church, \$10,000 to Wesleyan Methodist church, \$5,000 to Richmond post of the American Legion, \$3,000 to

Bridge At Avon
Now Completed

MARTINEZ, Dec. 19.—R. R. Arnold, surveyor today announced that construction of the new bridge across Hastings Slough near Avon, was completed by Leonard Isham contractor.

Arnold declared it would be a month before the bridge will be open for use, as it is necessary to build a back fill before it can be used.

The completion of a bridge across Walnut creek, near Avon, replacing the structure destroyed by fire a few weeks ago, was also announced by the surveyor. In three weeks when the concrete is cured it will be thrown open to travel.

Plate Attends
Census Session

The department of commerce luncheon in the Fairmont hotel yesterday, was attended by H. Plate, representing the realty board. Preliminary arrangements were made for the 1930 census.

Mrs. Peterson, second wife of Persico, \$2900 to Roberson, and a trust fund for Mrs. Cora Hall of the Sierras, about 8:25 p. m. lot who nursed Persico's mother, and several other smaller bequests were made.

When she applied for letters of administration, Mrs. Persico, the widow, indicated she would include the ones to Mrs. Mallet and L. Ackerman, a blind man who had been befriended by Persico.

Persico had the will held by Roberson, naming the bank as executor, rewritten by a stenographer shortly before his death. The attorney holds that the will as changed, was not properly executed, and that it invalidated all previous wills.

It is expected that at least three wills made by Persico will be submitted to the court during the contest.

Attorney T. H. DeLan and A. B. Thimmes are representing the Trust company, and Aaron Turner has been retained by Mrs. Persico.

PILOT SAVES 4
IN PLANE
CRASH

OAKLAND, Dec. 19.—Four persons were slightly injured, and a big tri-motored Boeing air transport was practically demolished when the plane crashed into the side of a hill near Loomis, Placer county last night.

Only the heroism and presence of mind of Ray Little, veteran Oakland air mail pilot saved the lives of the crew and passengers in the ship.

Little, and his co-pilot received minor scratches. Mrs. J. Sullivan of 909 Bush street, San Francisco, suffered a slight scalp wound, and G. W. Renisch, of 1247-Monmouth street San Francisco, sustained a cut lip in the crash.

The plane, west bound, was hours late, due to the bad weather. Little began to seek a landing place when he encountered a dense fog on the west side of the Sierras, about 8:25 p. m.

According to Renisch, Little brought the plane down in what appeared to be an open field, but a tree, looming out of the darkness, tore one wing motor off.

Little with a desperate effort, swung the ship's nose up the hill and came down. The landing gear was torn off, the forward part of the fuselage smashed, and the gasoline tank was found about 25 feet from the scene of the wreck, flattened out.

The occupants of the plane were able to make an exit with little difficulty, and were taken by automobile to Sacramento. First aid treatment was given them at Loomis before the trip.

Under the direction of B. M. Baker, Boeing field manager at Sacramento, 800 pounds of mail was transferred to automobiles, and forwarded to Oakland. The passengers and pilots made the trip to the bay region by train.
